Dear Rick,

I wanted to drop you note to let you know how much we have enjoyed working with Larry Townsend over the past year. Over the past 20 years we have used many different concrete contractors of all sizes on our landscape projects, Larry's management and attention to detail far surpass them all.

I appreciate Larry's willingness to work with us on our projects of all scales, which vary in size from small patios to larger engineering projects. When we were looking for a new concrete firm to work with, we frequently would not even receive a call back or follow-up on our inquires from other concrete contractors. This definitely not the case with Larry, as he works with us to meet our needs for each particular project.

You are lucky to have such a talented and dedicated manager in your team. He approaches the work as if the company were his own. We look forward to continuing to work with Sonoma Marin Construction on our future concrete work.

Regards,
